There have been received into the House for the Natural Way, from the 26th September 1746, to the 31st December 1756, Patients — 2793
Of which 2047 have been cured; a very great Number, considering the Fatality of this Distemper, most of them Adults,
often admitted after great Irregularities, and some when past Cure.

And from 31st December 1756, to 31st December 1757 ————— 713
Of which 533 have been cured. ————— 3506

There have been inoculated before the 31st December 1751; (of which two died, one by Worms, who did not appear
to have them before Inoculation, and the other apprehended to have first caught the Distemper in the Natural
Way) ————— 131

From 31st December 1751, to 31st December 1752	112
From 31st December 1752, to 31st December 1753	129
From 31st December 1753, to 31st December 1754	135
From 31st December 1754, to 31st December 1755	217
From 31st December 1755, to 31st December 1756	281
From 31st December 1756, to 31st December 1757	247
Making in all	1254

1121 out of whom 3 died
